SCOUTING

THE SHOPS with Sally

● John lowered his evening paper one night last week and looked at us sternly over the edge of his glasses.

● "Sally," he said, and there was accusation in his eye. "I've been thinking about that bill for your new hat."

● He paused impressively. Then he issued his ultimatum: "There are no two ways about it, we've got to cut expenses."

● John is usually such a nice, mild, sort of henpecked husband that we were completely overwhelmed. We even answered "yes, dear" in a very cowardly tone of voice.

● But the conversation rankled in our mind. Here we were working ourself to the bone, slaving to keep body and soul together—

● In fact, we felt so upset about it that we almost decided to head for the North, and spend our lives in an igloo, eating blubber with the Eskimos. We somewhat cautiously resolved to wait, however, until we had seen a preview of the life first at the Daly City theatre Sunday, when Father Hubbard's adventures will be shown.

● Besides, we have tickets for two big dances shortly, the Night Owls affair at Lovchen Gardens this Saturday, and the Barn dance sponsored by the Native Sons and Daughters the following Saturday. Refreshments, music, dancing and fun—what Eskimo could resist? Besides, we can wear overalls to the barn dance.

● The trouble with our home life, we thought mournfully, is that John always wants to cut expenses and Sally always wants to cut a figure. So we manage to cut neither. (If you really want to cut a "figure," why not replace sweets and starches with fresh milk from the Mission creamery? You'll be surprised how easy it is to lose weight and how much better you'll feel.)

● Besides, we couldn't possibly

D. C. Day at Climax

Early Closing Of Fair Gives Advantage

Greater Daly City Days

Daly City is just in under the wire! Wednesday's surprise announcement that the Golden Gate International Exposition will close October 29 spots Daly City Day at the climax peak of this great world show—the Sunday before it closes.

"You'll have to indulge in a hectic whirl if you want to satiate yourself with the once in a lifetime spectacle," as one newspaper writer recommends, indicates the gigantic windup interest local and world visitors will undoubtedly show in these last three weeks run of the exposition.

"It's a bet the island will be packed on Daly City Day. We shall have an opportunity to impress thousands of additional fair guests. That day will really be a LIFETIME opportunity for Daly City residents to see local talent and displays at the colorful Pageant of the Pacific," announced Herbert G. King, committee chairman.

Greater D. C. Days

In celebration of this event which is destined to go down in local history as one of Daly City's greatest promotional opportunities, the Shopping News and Record recommend that the week of October 16-22 be set aside as Greater Daly City Days.

Here at home several fine build-up programs can be arranged in preparation for the Sunday event on the island. The Jefferson Union high school Indians of Rhythm under the direction of Dante P. Lembi are scheduled for a special engagement at the Daly City theatre Friday evening, October 20. Lembi's band are headliners on the fair program.

Other organizational and community activities could be arranged. A suggestion has been made to sponsor a dress-up campaign.

"It's a natural for a sales event," declared a progressive grocer, "particularly since so many people are planning to take a family lunch and picnic in beautiful cascade court during the Daly City Band concert."

Juvenile Drill Team Marches Sunday

Daly City Juvenile drill team led by Miss Rose participated in a Columbus celebration Sunday at Swift's Wharf, South San Francisco. Following events in South San Francisco, participants and spectators came to Daly City to stage a parade along Mission street from Templeton avenue to Colma.

The juvenile drill team will take part in a Columbus Day Parade in Oakland, October 9, and in San Francisco October 15.

Another Dance In Colma Saturday

With their fall season well under way, the Night Owls club of Colma and South San Francisco continue their smash-hit dances at Lovchen Gardens, Colma, with one scheduled for this coming Saturday evening, October 7.

Night Owls cordially invite all those who have not yet attended, to join them for a good time Saturday. There will be special union music, refreshments available and a good crowd. Admission prices are nominal.

Big Game Census

Uncle Sam's annual check of big game animals in national forests reveals there are three of these animals now for every one present in 1924. The last census disclosed 1,642,000 big game animals. Deer are much the most numerous. Mountain sheep appear to decline in numbers in spite of the protection given them.

El Carmelo Plans Huge Barn Dance

Sunbonnets and overalls will whirl together in one of the season's gayest dances Saturday, October 14, when the Native Sons and Daughters of the Golden West sponsor an old-fashioned Barn Dance at Colombo auditorium.

Union music by Johnny Dell's orchestra will lend atmosphere and gaity to the affair. Refreshments will be available, and the public is cordially invited.

Funds will be used for the benefit of El Carmelo Drum Corps of N. D. G. W. No. 181 and N. S. G. W. No. 256. El Carmelo Drum corps has represented Daly City many times both here and elsewhere.

Admission prices are nominal. Committee members urge everyone to dress up and have a good time at an old-fashioned Barn Dance, October 14.

Finalists Announced In Ping-Pong Tourney

Finals in the Recreation department's ping-pong tournament were played off Monday in the ping-pong room at Jefferson Union high school.

John Sparks won the men's singles; Emo Barghini, runner-up. In the women's singles Frances Curussis took top honors and in the men's doubles Ivan Johnson and John Sparks beat the field in the final play-off. There were no women's doubles.

Arrangements for badminton games are under way and the tournament starts Monday, a t Jefferson. The badminton tournament will run four evenings.

Better Than Noise

They've been trying to perfect a painless alarm clock. We suggest that they make one which, instead of ringing, releases the aroma of frying buckwheat cakes.

head North until after Daly City Day at the Fair, October 22, just one week before the Island closes. (The Exposition is cutting expenses too!) If your husband wants to cut expenses, don't forget that tickets are now on sale in Daly City for only 40c.

● John's little economy lecture was still bothering us so much at breakfast the next morning that when he remarked innocently how good everything tasted, we indignantly explained that low prices at Robertson's Egg Store put ham and eggs within the reach of practically the poorest people.

● After he had left for work, we tried on our new hat, and decided we didn't like it after all. So we put it away and sent our old hat to Beeson Cleaners, resolving to wear it for the next ten years, just to show John how saving we could be.

● This inspired us with a great zeal to prove for once and all just how far we could make money go if we wanted to. So we dashed down to Milo's and sure enough, they were offering a cream pitcher absolutely free with every two packages of Corn Kix. This ought to impress John, we thought, and so we bought four packages of Corn Kix and got two free cream pitchers. Then we bought some muffets and got a free rocket ship for the children. Can Yankees Capture World Series Once More?

Seeking another world championship to tack on their already long record, the New York Yankees opened their world series campaign Wednesday in New York. Upper view shows Yankee stadium, site of the first games. Yankee stalwarts, left to right, are Charles "Red" Ruffing, pitcher; Joe Gordon, infielder; Bill Dickey, first string catcher; Joe DiMaggio, hard-hitting outfielder, and Vernon "Lefty" Gomez, pitcher.

Madeira Wild Flowers

There are 700 species of wild flowers growing on the Madeira islands, many of them found nowhere else in the world or only in the West Indies.

Lane Sisters At D. C. Theatre

"Daughters Courageous," the Warner Brothers comedy of domestic life which is now playing at the Daly City theatre, could be termed a first cousin to the same studio's highly successful "Four Daughters."

While the plot concerns different people than those in "Four Daughters," there is a basic similarity in that the new picture is also about the joys, the sorrows,

Lola, Rosemary and Priscilla Lane, and Gale Page, who play the title roles in "Daughters Courageous."

the laughs, the tears in the lives of a genuinely "folksy" family.

There are the same four daughters in this family and again they are played by Priscilla, Rosemary and Lola Lane and Gale Page. Also playing are John Garfield, Jeffrey Lynn, Frank McHugh and Dick Foran.

Companion feature on the new bill is George O'Brien in "Racketeers of the Range."

Playful Shark

Lella Steppe, blond American girl, took a swim in the Taragona park aquarium pool at Sydney, Australia, in which a 10-foot gray nurse shark was swimming. She declared the shark seemed rather sluggish and that she was confident if it had made a rush for her she could have beaten it to the side of the pool.

● Since La Cerna Beauty Salon is offering a very special scalp treatment with fingerwave this week, we decided to take advantage of that, too. We didn't know just exactly what it was that they did to your scalp, but take our word for it, it's wonderful!

● Fine imported groceries are so inexpensive at Granucci and Son, that we didn't feel at all extravagant in stocking up. Granucci always gives courteous, careful service, too.

● At Vista Grande Meat Market, boneless corned beef brisket is only 13c a pound and delicious for a change. Other meats are equally inexpensive there.

● When we stopped at the Daly City Cut Rate Market, what should we see but more Corn Kix and more free cream pitchers! So thinking an extra one would be nice in case of breakage, we bought four more packages and got two more free cream pitchers. After all, John couldn't make too many disparaging remarks about anyone who could get four free cream pitchers in one day. At the Cut Rate we also found lots of other outstanding specials, such as fancy pippin apples for only 5c a dozen.

● Someone had told us about the sensational free wax offer at Shannon Hardware company, and of course we couldn't pass that up. We're glad we went down there, too, because it was Johnson's Wax,

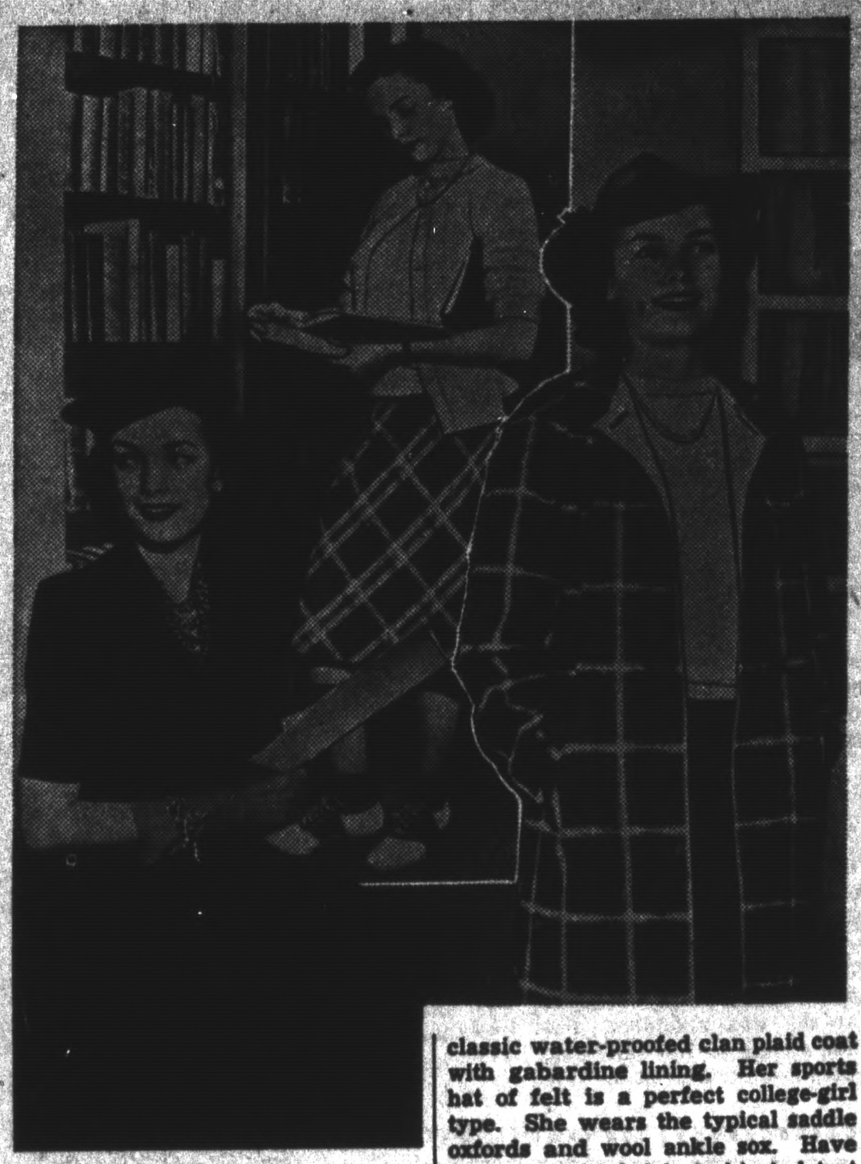
College Classics in Sports, Classroom, Dress-Up Clothes

By CHERIE NICHOLAS



IT IS intensely interesting to note the comradeship, the spirit of mutual endeavor and co-operation that exists these days between merchantman, designer and the college girl as to the planning of a program of clothes that must be practical first of all, at the same time they must date smartly for the varied types of activities that crowd the life of Miss Modern.

It was a happy inspiration that moved merchandiser and style creator to call into consultation groups of typical college girls, to take these young people into partnership, so to speak, in their efforts to assemble wardrobes of smart apparel that would meet the demands of every occasion in a thoroughly practical sense as well as a highly fashion-correct way.

In the illustration we are showing three apparel choices of a typical college girl who considers these clothes classics as indispensable for her alma mater. To be sure they simply represent the initial numbers that lay the foundation of a well organized wardrobe.

Centered in the picture Miss Collegiate is properly attired in a twin sweater set topping a circular plaid skirt plus the inevitable commonsense oxfords. And here's something about plaids to keep in mind, you can't wear 'em too bright this season, the more red in their color scheme the better.

To the right in the picture this fair co-ed is wearing a skirt and sweater combination topped by a classic water-proofed clan plaid coat with gabardine lining. Her sports hat of felt is a perfect college-girl type. She wears the typical saddle oxfords and wool ankle sox. Have your sox initialed is fashion's latest message. You can know that the coat here pictured will attend football games this fall, which was in the mind of the designer who styled it with an idea for warmth and comfort as well as good "looks." This coat is likewise the type that will go to town often, will stand the test of motoring and prove a friend indeed throughout wind, rain, sunshine and the vagaries of weather that mark autumn and winter days.

Miss College Girl's choice to wear on a date with her best beau is a trim, very smart, very practical outfit in black as illustrated to the left in the group. Her crepe frock has the pinched-in waistline such as fashion demands this season; also the new back fullness. In her trunk she has tucked away one of the new detachable bustle bows which she wears now and then to add an extra note of chic to her frock. Her felt beret (small, it won't slip out of pose in dancing) has the new forward tilt and she brightens the whole with a flamboyant necklace and matching bracelet set in eye-thrilling colored stones.

Not that choice must be restricted to a black dress with massive gold and colorful stone-set jewelry for keeping dress-up dates. To be sure the big idea is black for your autumn "first," but the gorgeous colors on the way are simply breath-taking. The new wool dresses and the very chic and fetching velveteen dresses make striking color their theme.

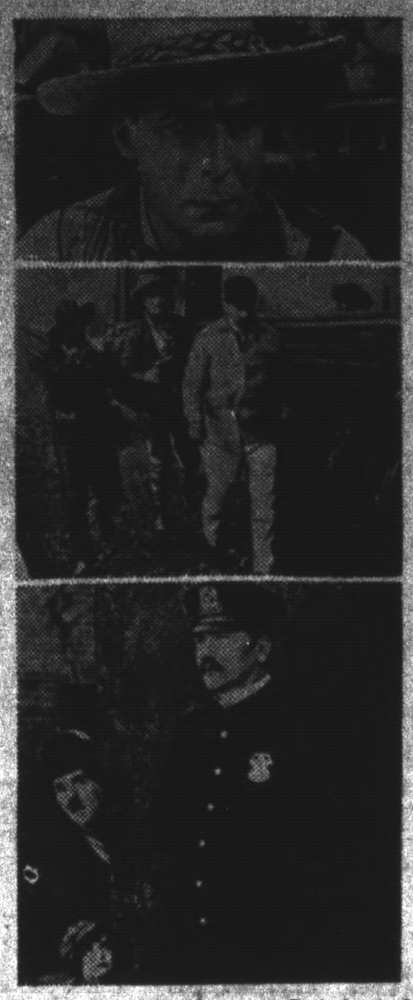
Cinema Industry Marks 50th Year



Fifty years ago, on October 6, 1889, Thomas A. Edison announced completion of a photographic device which showed objects in motion. Today's highly perfected motion picture industry will celebrate this event Friday. Contrasted with modern movies are the above early scenes, top to bottom: Bill Hart, early cowboy hero; a scene from "The Great American Train Robbery," first movie telling a complete story, and Charlie Chaplin and Jackie Coogan in an early comedy film.

Gardenia Industry Wins Fame

National prominence was given Colma's gardenia industry this week with the publication in Collier's Magazine, September 30, of an article entitled "Fragrance Farmers," describing the McClellan Brothers' nursery.

The account tells the story of how a dairy business became a cut-flower industry; of how the gardenia was scientifically coddled to become Miss America's favorite corsage; and of modern mass production methods in flower marketing and distribution.

Three-Minute Eggs Take 4½.

Uncooked Pork May Cause Death

Trichinosis, a common but readily preventable disease which often results in death, may be avoided by cooking all pork thoroughly, Dr. Charles C. Gans, county health director, pointed out today.

Trichinosis in man usually originates from eating uncooked pork or other uncooked meat contaminated by contact with infected pork, Dr. Gans said.

The control of trichinosis in swine is a national problem and until the disease can be reduced to a minimum, the consumer must protect himself by the simple but effective means of cooking all pork until the meat is white, Dr. Gans warned.

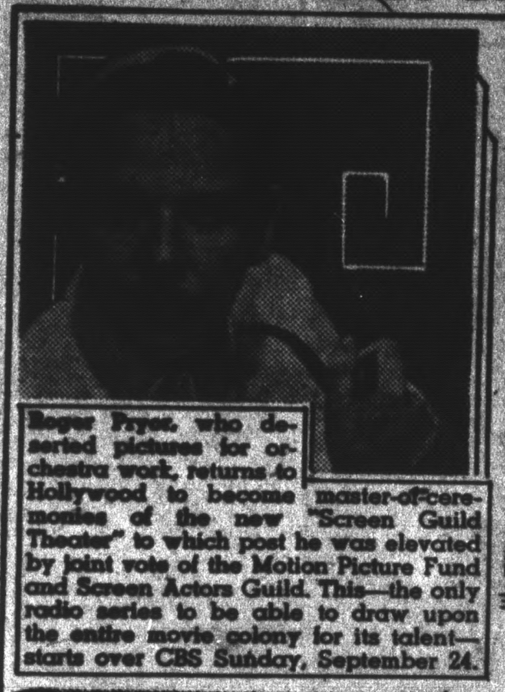
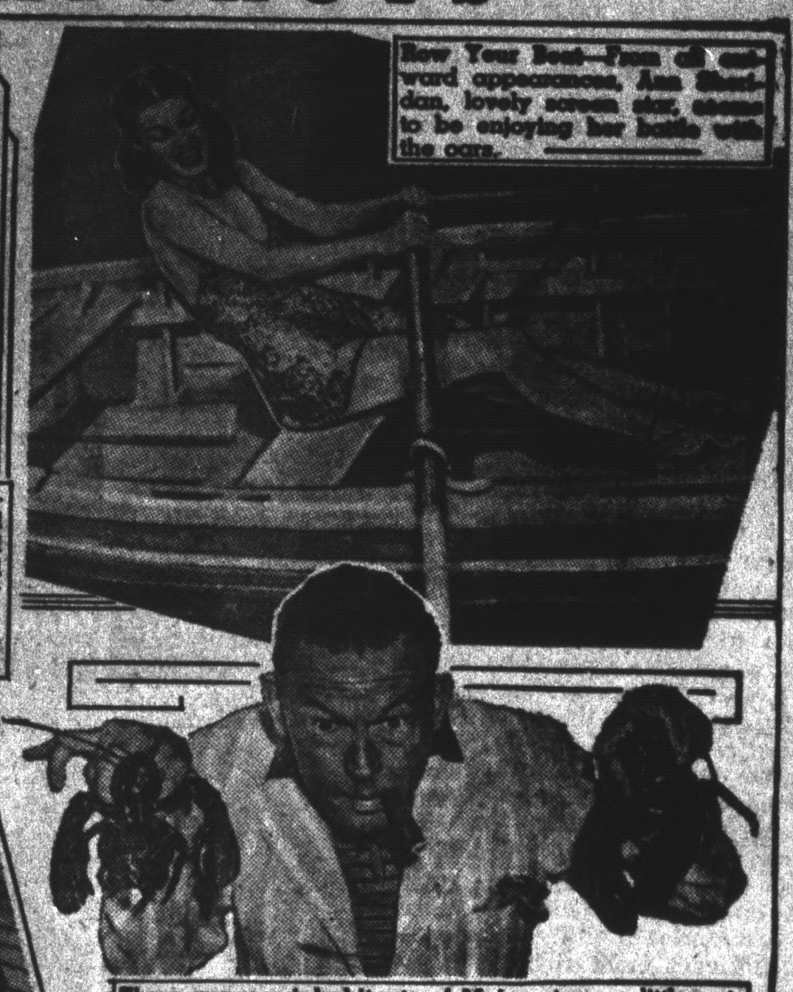
Creed of the Late King George V

The creed of the late King George V of England was as follows: "1. Teach me to obey the rules of the game. 2. Teach me never to cry for the moon; never to cry over spilled milk. 3. Teach me to win if I can; if I cannot, teach me to be a good loser. 4. Teach me to distinguish between sentiment and sentimentality; to esteem the first and to despise the second. 5. Teach me never to accept and never to offer false praise. 6. Finally, if I must suffer, may it be like a thoroughbred that goes away by himself in order to suffer in silence.

THE RECORD SNAPSHOTS



Roger Pryor, who deserted pictures for orchestra work, returns to Hollywood to become master-of-ceremonies of the new "Screen Guild Theater" to which post he was elevated by joint vote of the Motion Picture Fund and Screen Actors Guild. This—the only radio series to be able to draw upon the entire movie colony for its talent—starts over CBS Sunday, September 24.



How Your Host—Two of Hollywood appearances, Ann Sheridan, lovely screen star, seems to be enjoying her little visit with the cops.

"Hey Buddy—Gotta Light?"—Rome, Italy — Meet Mimo, cigarette-smoking chimpanzee, number one tourist attraction of the Rome Zoo, who demands a cigarette after every meal. Mimo, who prefers a smoke to peanuts, is a perfect example of simian belligerence when in throes of Dame Nicotine.

Three summer inhabitants of Maine stage a little get-together before the one in the sports coat takes off for New York and a winter of work at the mike. Fred Allen (center) will be back on his "Town Hall Tonight" program over the NBC-Red network beginning Wednesday, October 4.

"Streamlined beauty" might well be the caption of this picture—the phrase applying either to the "glamour girl" or to the Evanoil, fan-forced floor level oil heater in the background. This revolutionary new type of heater can also be used in summertime as a cooling unit.

Amused Referee — Toms River, N. J. — Gene Tunney, former heavyweight champion, grins broadly as he referees a bout between two sluggers at the Admiral Farragut Naval Academy, where he is on the board of directors.

Norway's Coastline

Counting indentations and sinuosities the coastline of Norway measures about 12,000 miles, or an ocean strand that would stretch half way around the world.

the finest on the market. Their tempting line of garden tools made us decide to be a gardener all over again.

● So we stopped at the Daly City Nursery, and they have so many beautiful plants all ready to pop into your own yard that we couldn't decide which to take. With the friendly help of the proprietor, however, we emerged with a very nice selection.

● We stopped at Charlie's Radio Service to see how they were getting along with our washing machine, which was being repaired there (with John's hearty approval) and paused to admire their beautiful General Electric refrigerator.

● Scooting over to Westlake Market we secured some Martha Meade recipes absolutely free, with our purchase of Sperry flour. Not only that, we got complete rules for a $5,000 prize contest, that is going to make John sorry he ever implied unpleasant things about us! Westlake fruits are at rock-bottom prices.

● We don't know when before we have ever felt so happy about saving so much money in one day. When we bought a Zenith combination radio-phonograph at Byrne's for only $32.95 (scarcely more than the price of either one alone) we felt even more virtuous. It's a honey, too.

● By this time we were feeling very repentent for having been so angry with John—in fact, so

Gay Suede Belt

There is definite style emphasis placed on belts in the new fall showings. One of the reactions to the enthusiasm for leather trimmings and details that now holds forth in the fashion realm is the belt fashioned of bright colored suede. With complete assurance of being smartly dressed, the young girl here pictured wears a wool crepe dress with the important below-elbow sleeves. She gives the outfit an extra dash of swank by encircling her waist with a most exciting bright suede belt designed by Criterion.

Four Bows

Victor Stiebel recently designed a daytime frock he named "little bow dress," because of a quartet of stitched-down bows that outline the deep yoke.

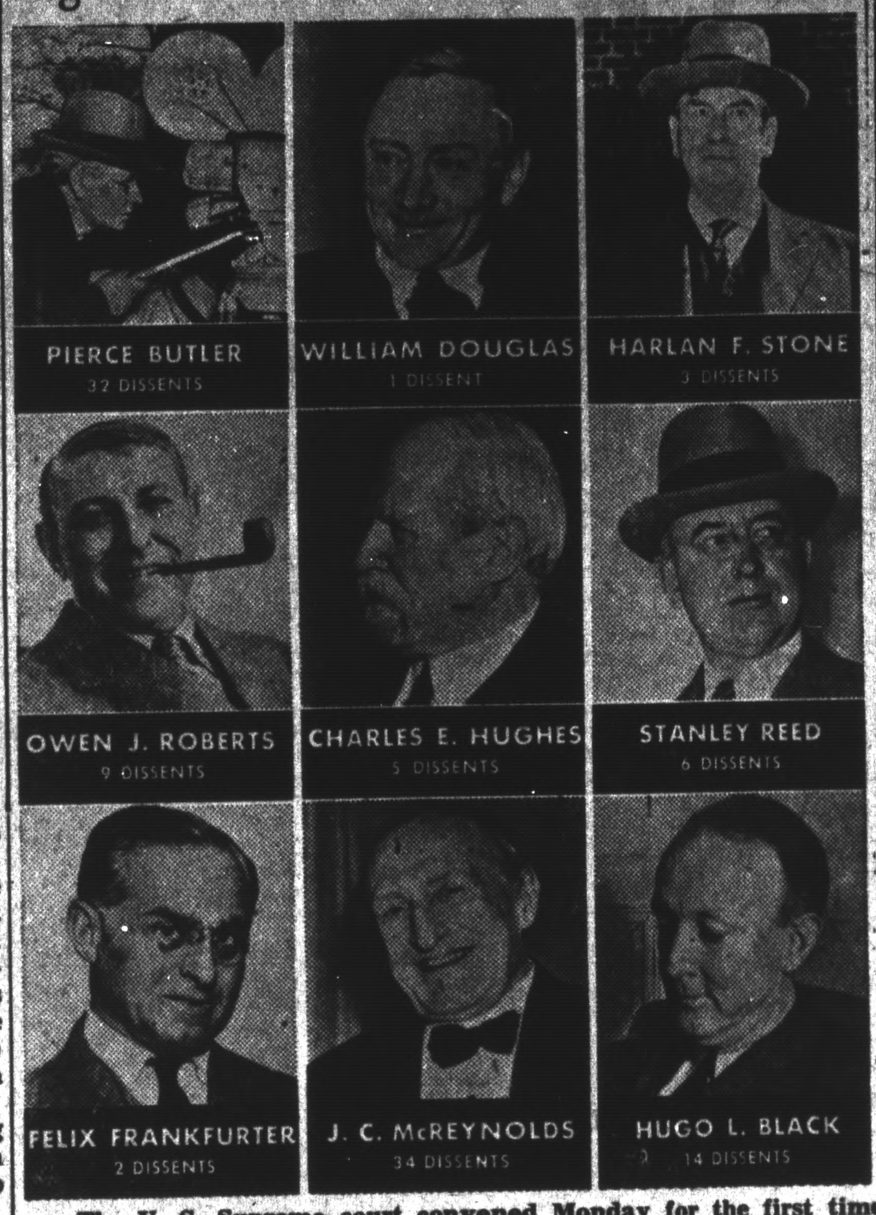
Catholic Trappists

The members of the Reformed Cistercian order of the Roman Catholic church, better known as Trappists, live an entirely secluded life, devoting their time to religious worship, contemplation and prayer, with hard physical work as their recreation. There are three monasteries: La Trappe, at Gethsemane, Ky.; Our Lady of the Valley, Cumberland, R. I.; and New Melleray, near Dubuque, Iowa.

Wagon Train Ruts

Aerial photographers, taking pictures of Haskell county, Kansas, farm lands for mapping purposes, saw lines across dozens of negatives and thought they were scratches. Closer examination disclosed they were ruts that had been made by wagon trains 70 years before.

High Court Meets; Here's 1938-9 Record



The U. S. Supreme court convened Monday for the first time since it adjourned last June 5. Observers will watch the high court carefully this year, comparing its record with that of last term. Dissents shown for Justices Douglas and Frankfurter cannot be compared with the record of other justices, since they served during only a small portion of the term.

Miracle Play

A miracle play is the dramatic representation of the life of a saint and of the miracles connected with him.

Chemical Elements

The substances which nourish the body are quite similar in chemical composition to the body itself. They are made up of from 15 to 20 chemical elements.

Advertises Walking Tours

Scotland's railways advertise and arrange walking tours known as "Out by Rail—Hike Across Country —Return by Rail." Very cheap day return tickets make the tours ideal for those whose legs are in better condition than their pocketbooks. The return need not be from the same point or by the same railway.

Car Taxes

The average motor vehicle operator in the United States last year paid special automobile taxes aggregating $40.06, or 24½ per cent on the value of his $200 car, figures compiled by the American Petroleum Industries committee from official sources show. The total figure looks like the war debt—$1,266,154,907.

guilty, that we began scouting around to see what would make an extra-nice dinner for him. At Farmers Meat Company, we found a nice cross rib roast at only 25c a pound, as well as some lamb liver for breakfast at only 15c.

● Lucca Ravioli company proved a veritable treasure trove, with new Hubbard squash at 2c a pound and fine olive oils at $2.19 and $1.98 per gallon. We also decided that stuffed peppers would make a special treat, and bought some of Lucca's delectable Monterey cheese for John. He swears there's no other like it.

● We topped it all off with a big luscious cake from the Geneva Bakery, and some fresh-baked bread.

● At 5:03, two minutes before John usually gets home, all was in readiness. At 5:53, all was ruined. John still hadn't come home.

● It was beginning to get dark, and we were almost in tears. Maybe we had driven him away from home forever, with our senseless extravagence. We gave the Hill-top Lodge a frantic call, because we knew he might be there, calmly enjoying a Chinese dinner, but he wasn't.

● Slipping into our coat and picking up a new streamlined flashlight we had bought from Edwards Drug Store for only 49c (there are several other outstanding bargains there this week) we started for the door.

● And there, just getting out of the car was John, with several bulky bundles and a self-satisfied smile.

● "Cutting expenses is really very simple, dear," he told us, "and I'm going to prove it to you. Here are just a few of the bargains that I found uptown tonight, and a lot of this stuff, such as the new cream pitchers, believe it or not, was absolutely free—"

● We're down to our sixth box of Corn Kix now. Although we still like Corn Kix, we'll be glad when we can go back to beefsteak and stop cutting expenses.
